

QUALITY POLICY

It is the policy of American Metal Fabrication, Inc. (AMF), to provide our customers with products and services that meet or exceed their expectations and needs. To provide confidence to our customers and distributors that their quality requirements are understood, being fulfilled and maintained.

Our focus is continuous improvement and our objectives are customer satisfaction, and Quality products through exceptional manufacturing.

This quality policy and quality objectives are supported and driven by management as indicated by acceptance of this manual by signature.

President:

Marvin Dunnegan
